

The company Lakiasiaintoimisto Haavisto Oy is a growing Finnish law firm looking for reliable partners. We are searching for law firms that have expertise of the legislation in their countries, with regard to commerce law as well as regulations relating to intra community trade and / or import, export and taxation, in particular. Our goal is to provide services for 1) Finnish companies that are planning to expand their business abroad and to 2) foreign companies that are planning to expand their business to Finland. We already have partners here in Finland, Lingo Languages Oy, Develooppi Oy and PDGE Project Development Group Europe.

The services we and our partners provide consist of planning the route to international markets and providing the services these companies need or want to act on the plan. An ideal partner for our company is a law firm that has the interest, knowledge and ability to learn as well as possesses the necessary resources to perform when needed. We value your desire to become a part of a global network and develop high quality services for our clients.
